

HAPPY NATIONAL ORTHODONTIC HEALTH MONTH!

October is National Orthodontic Health Month! In October, orthodontists, dentists, educators, healthcare providers and others, stress the importance of good orthodontic health. While most kids across America are gearing up to collect all types of sugary and sticky candies, your team at Seuss Orthodontics wants to remind our patients of how important it is to steer clear of treats that can damage or break your appliances. We want to celebrate National Orthodontic Health Month by raising awareness of how important it is to maintain good oral and orthodontic health year round.

PLEASE AVOID PROBLEM TREATS!

We all know exposure to sweets can cause cavities. In a month full of hard, sticky, crunchy and chewy treats, it's more important than ever to encourage our patients to be kind to their teeth during treatment. If you have braces, try to avoid caramel, bubblegum, and candy with nuts. If you can't keep yourself away from the sugar, opt for softer treats such as peanut butter cups or other melt-in-your mouth treats such as ice cream.

BAD TREATS!

GOOD TREATS!

Taryn won a \$50 Staples gift card!

Vivian won a \$50 Staples gift card!

Happy 23rd Work Anniversary Vicki & Dr. Seuss

CONTESTS!

During the month of October we will be celebrating National Orthodontic month with contests and fun events going on in the offices. Please read emails and look at social media for opportunities to win! Good Luck!

Healthy New Smiles That Last A Lifetime!
